

# Economics Minor

---

For information, contact the Department of Economics, 2054 FSB, 513-529-2836. The economics minor is open to all university students.

This minor allows students to explore how their major area of specialization connects to economic issues including individual decision making, choices made by firms and non-profit organizations, and the national and global economies. Students who are preparing for law school or graduate school in other areas of business or social science will find this minor particularly valuable.

The 18 hours of economics must be completed with at least a 2.00 GPA. Either ECO 311 or ECO 315 or ECO 317 must be taken at Miami.

## Program Requirements

(18 semester hours)
