# Gerontology- Master of Gerontological Studies, Doctor of Philosophy

For information, contact: Director of Graduate Studies Scripps Gerontology Center 396 Upham Hall, 513-529-2914 www.scripps.MiamiOH.edu

The MGS and Ph.D. programs are offered through the Department of Sociology and Gerontology with support from the Scripps Gerontology Center. The Certificate Program is offered through the Scripps Gerontology Center.

# Gerontological Studies- Master of Gerontological Studies

Core courses are offered in gerontology, with additional courses available in other departments. This program is designed for students whose interests and career goals include research or applied work in the field of gerontology.

The program requires 37 semester hours, including course work, a practicum in the field of aging, and a culminating paper based on student interests.

## **Application Requirements**

Admission is based on evaluations by the graduate faculty. Applicants must have a minimum undergraduate grade point average of 3.00 on a 4.00 scale. Applicants must submit:

- 1. academic transcripts,
- 2. general test scores on the Graduate Record Examination (GRE),
- a minimum of three recommendation letters evaluating the student's academic capability, potential for success in graduate studies, and professional promise,
- a personal statement indicating past academic and/or professional experiences, future career goals, and reasons for interest in gerontology, and
- 5. a resume or CV.

### **Program Requirements**

Core courses are offered in gerontology, with additional courses available in other departments. This program is designed for students whose interests and career goals include research or applied work in the field of gerontology.

The program requires course work, a practicum in the field of aging, and a critical inquiry paper based on student interest.

**Total Credit Hours** 

# Social Gerontology- Doctor of Philosophy

Our doctoral program encourages students to integrate knowledge and research methods from a range of behavioral and social sciences in their study of social gerontology. Our program builds scholars and educators who can meet the challenges, demands, and opportunities presented by global aging. As a graduate of the doctoral program, students are prepared to teach and conduct research in institutions of higher education, and hold positions in policy or service organizations.

# **Application Requirements**

Required application materials are academic transcripts, Graduate Record Examination (GRE) scores, a letter or statement describing career objectives and areas of interest in gerontology, an interview, and letters of recommendation. Applications may be submitted by those who have earned a bachelor's degree and those who have earned or are in the process of completing a master's degree. Those entering with a bachelor's degree are required to begin their

1

37

studies by fulfilling the current core requirements for the Master of Gerontological Studies (MGS) Program (43 semester hours). Students are accepted into the doctoral program from a range of disciplines. Faculty will work with the student to determine which MGS core courses must be taken as part of their doctoral studies.

### **Program Requirements**

In addition to the general requirements specified by the Graduate School, requirements for the Ph.D. in Social Gerontology include 60 post-master's degree credit hours consisting of 40-42 credit hours of coursework (with a grade of B- or higher in the required courses); satisfactory performance on oral and written qualifying examinations; submission of an acceptable dissertation; and satisfactory performance on a final oral examination (dissertation defense).

Any course applied to the MGS degree cannot also be applied to the PhD degree.
