

International Business Minor

For information, contact the Student Services Office, 1022 FSB, 513-529-1712.

This minor offers a concentration of courses that create a foundation for a career in the global business environment. A core and electives from the Farmer School of Business focus on international topics. A 2.0 GPA in minor coursework is required.

Approved General Electives

International Business Minors are required to take a minimum of six hours of approved general electives. Electives must be non-business courses. The suggested electives are recommended, but by no means comprise the extent of courses that would be useful preparation for international business. Non-business courses offered in approved study abroad programs may be used as electives with the approval of the FSB International Business Minor advisor.

Language Preparation

This minor requires foreign language skills through the 202 level or above. The College of Arts and Science provides courses for preparation in a variety of foreign languages. American Sign Language courses offered through the College of Arts and Science may not be used to fulfill this requirement.

Study Abroad

Students are encouraged to study abroad. Courses taken while abroad may apply. The Farmer School of Business offers international programs for short terms.

For details regarding admission to FSB minors and availability of coursework, please refer to the information at the beginning of this section (under Farmer School of Business "Minors").
