Master of Arts in Teaching (M.A.T.) programs combine graduate and undergraduate study and enables a student with a baccalaureate degree to earn teaching licensure and a master's degree in approximately four or five semesters of full-time study, depending upon academic background, experience, and teaching field.

## Program Requirements

Requirements consist of

1. general requirements, common to all M.A.T. programs,
2. content course requirements and retention requirements, specific to each licensure area and
3. successful completion of benchmarks established for program accreditation compliance.
4. passing score on the OAE content test for the licensure area and passing score on the OAE pedagogy test.

A student who has satisfied all or most of the content course requirements can expect to complete an M.A.T. program in four semesters or in three semesters and one summer; others can expect that additional semesters will be necessary in proportion to the number of content courses that must be satisfied.

## Admission

In addition to admission requirements previously listed for all master's programs within the department, candidates must have a baccalaureate degree.

## Cohort

We encourage anyone with a degree who wants to be a teacher to contact us about our MAT programs. When you are admitted to the program, you are automatically admitted to the cohort. A cohort is a group of students in a common teaching field, taking the same methods courses and student teaching in specific academic years.

A cohort is identified by its general subject area and an academic year; for example, integrated mathematics 2017-18, English language arts 2018-19, and chemistry education 2016-17 are separate cohorts. The cohort year indicates the academic year the student is scheduled for methods courses, and the following academic year when the student is scheduled for student teaching.

You should schedule a pre-application counseling appointment with the Department of Teaching, Curriculum and Educational Inquiry Graduate coordinator or advisor, 513-529-6443.

## Foreign Language – Graduate-Level Licensure Only Program

The program is designed for those who are interested in becoming World Language K-12 teachers in the state of Ohio. The Licensure Only program is comprised of a set of courses that allows completers to apply for a State of Ohio K-12 World Language teaching license. Upon completion of the program, students will be eligible to apply for an Ohio teaching license.

### General Admission Requirements

Applicants must be admitted to the Graduate School at Miami University as a continuing non-degree candidate (see note below) and complete the following licensure program admission requirements:

- Hold a Bachelor's degree from an accredited post-secondary institution in the United States or an equivalent Bachelor's university degree.
- Demonstrate language proficiency in both speaking and writing in the language targeted for licensure by successfully completing both the Oral Proficiency Interview (OPI or OPIc computer) and the Writing Proficiency Test (WPT), which are required for licensure by the state of Ohio. The program requires an "Advanced-Low" or higher level of proficiency in both tests for admission into the program. Students seeking admission to the program should take the OPI/OPIc and the WPT three to five weeks prior to applying for the program.
- Applicants who studied in a country or institution where English is not the official language must submit proof of English proficiency. We accept the following tests for admission: TOEFL iBT, IELTS, and PTE.
- International students seeking admission to the program must possess the appropriate visa status. Make an appointment with an International Student Advisor in the Office of International Education to discuss adding this program at <http://www.units.MiamiOH.edu/internationalprograms/about.php>.

### Application Process

- All students must apply and be admitted to Miami University
- If you are a current international student at Miami University, make an appointment with an International Student Advisor in the Office of International Education to discuss adding this program. Domestic students can apply directly to the program if all admission requirements are met.

- If you are not currently a student at Miami University, apply to the Miami University's Graduate School as a continuing non-degree status candidate. Apply online to Miami's Graduate School.

**NOTE:** If you are admitted as a non-degree candidate and later desire admission to a degree program, you must apply for admission and meet Graduate School and departmental standards for admission. No more than eight of the most recent graduate hours earned with non-degree status can be applied toward a graduate degree and then only with the approval of the department. All eight hours are subject to normal time limitations for credit toward a degree.
