

# Instructional Design and Educational Technology Certificate

---

The Graduate Certificate for Instructional Design & Educational Technology intended to provide instructional designers and P-12 educators with core knowledge about the processes involved in the design, development and integration of technology-based instructional media, methods and systems. This certificate will provide educators with foundational knowledge about the instructional design process by integrating research from behavioral psychology, cognitive psychology, learning theories, arts-based and critical/cultural theoretical perspectives of teaching and learning. Through the sequence of courses, learners will integrate the theoretical foundations within the methods of design, integration, and formative and summative evaluation. This certificate is appropriate for both active P-12 practitioners seeking professional development and individuals who aspire to hold positions that require knowledge of instructional design for education and training.

## Program Requirements

Code	Title	Credit Hours
Select the following:		
EDP 631	Foundations of Instructional Design and Technology	3
EDP 632	Instructional Design Theory and Models	3
EDP 633	Formative/Summative Evaluation of Learning Design	3
Select two of the following:		6
EDP 537	Blended and Online Learning Design	
EDP 583	Game-based Learning Design	
EDP 636	Diversity, Learning & Technology	
EDP 643	Interactive Design	
<b>Total Credit Hours</b>		<b>15</b>
